

The LEIBNIZ-INSTITUTE FOR APPLIED GEOPHYSICS (LIAG) invites applications for temporary employment at the earliest possible date with 100 % of the regular weekly working time limited until 31.12.2025 for the position of

Web Developer (m/f/d)

Job posting number G 6/23

Keyword: „WärmeGut – WebDev“

The Leibniz Institute for Applied Geophysics (LIAG) is an independent research institute in Hannover that develops and operates specialised information systems such as the Geothermal Information System GeotIS. The recently approved project "WärmeGut" is an eminent major research project at the LIAG for geothermal energy to support the heat transition in Germany. For this we are looking for a Web Developer.

Your tasks:

- Modification of the user interfaces (web client)
- Integration of new features
- Life-cycle management of self-developed software components (incl. code monitoring)
- Integration of new maps into GeotIS
- Technical documentation
- Collaboration in an agile development team

Required qualifications and experience:

- University degree in computer science, geoinformatics or another relevant, IT-related field of study with a Bachelor's or Master's degree
- English language skills (at least comparable to level B2 GeR)
- Experience in the development of web applications
- Working knowledge of JavaScript and web frameworks
- Strong communication and teamwork skills

Ideally, you also meet the following requirements:

- Working knowledge of OGC services
- Database and SQL skills
- Experience in managing geodata

We offer:

LIAG enjoys an excellent reputation, both nationally and internationally. The institute is characterized by excellent infrastructural integration into the GEOZENTRUM Hannover, state-of-the-art and high-performance equipment (IT, laboratory, field), strong networking, and a friendly, professional and collegial working-environment. LIAG promotes further education and training of its staff.

The place of employment is Hannover, Germany. The salary for the position will be according to personal requirements up to salary group EG 13 TV-L (Collective Agreement for public service of the German states, TV-L), taking into account § 40 No. 5 TV-L (consideration of professional experience).

We welcome applications from people of all nationalities, regardless of their origin, gender, religion or belief, disability, age or sexual identity. LIAG also pursues the goal of equal professional rights for women and men. Therefore, we particularly welcome applications from women. With flexible working hours, we offer you a responsible and varied job that is also suitable for part-time employees and as a re-entry after parental leave.

The LIAG endeavours to increase the proportion of severely disabled people, which is why they will be given preference, if they are equally qualified. Please submit your application electronically (PDF with max. 10 MB) with meaningful documents without photo, quoting the job advertisement number **G 6/23** and the keyword **“WärmeGut – WebDev”** to career@leibniz-liag.de until **29.5.23**.

More information about our institute is available on our website www.leibniz-liag.de. For further information, please contact Dr. Agemar at Thorsten.Agemar@leibniz-liag.de
